TO: Honorable Chairman Jean Monestime

FROM: Carlos A. Gimenez
Mayor

A handwritten signature in black ink, appearing to read "Carlos A. Gimenez", written over the printed name.

SUBJECT: Resolution Authorizing Execution of Memorandum of Understanding for Forensic Services

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the attached resolution authorizing the County Mayor or County Mayor's designee to execute a Memorandum of Understanding (MOU) between Miami-Dade County, through the Miami-Dade Police Department (MDPD), and its law enforcement partner agencies, specifically herein, the City of Miami and the Miami Police Department (Attachment 1).

The purpose of the MOU is to expand forensic analysis services whereby law enforcement partner agencies, and specifically the Miami Police Department, detach qualified personnel, such as civilian criminalists, to the MDPD to work at MDPD's Forensic Services Bureau (FSB). The MOU will be effective upon signature, will expire on September 30, 2026, and will provide for two (2) additional renewals, each for a period of five (5) years.

Scope

The MOU will provide forensic services to the MDPD and to all the federal, state, and local agencies which are served by MDPD's FSB; therefore, the impact is countywide.

Delegation of Authority

Upon approval by the Board, the County Mayor or County Mayor's designee is authorized to execute the MOU and to exercise the provisions contained therein, including two (2) five year options to renew and cancellation provisions. Further, the County Mayor or County Mayor's designee will be authorized to execute similar memoranda of understanding with the law enforcement partner agencies and to exercise the provisions contained therein.

Fiscal Impact/Funding Source

There is no fiscal impact to the County.

Track Record/Monitor

Stephanie Stoiloff, Senior Bureau Commander for MDPD's FSB, will track and monitor the MOU.

Background

As part of day-to-day operations, technology, particularly forensic-led technology, is vital to conduct effective criminal investigations. The increasing use of this highly specialized technology, in combination with MDPD's trained and skilled sworn investigators, facilitates the MDPD's ability to arrest criminals and support successful prosecutions. With the development of forensic sciences and related forensic technology, the application of forensic services has expanded. The addition of these

detached personnel will enhance the capacity of the MDPD's FSB at no additional cost to Miami-Dade County.

The MOU will build on the partnerships the MDPD has with law enforcement agencies and will serve to enhance forensic services in our community. In addition, the MOU will help increase the knowledge base of forensic talent in our local law enforcement community. By providing an opportunity for criminalists of other law enforcement agencies to work under the supervision of the MDPD's FSB, these personnel will be trained to perform forensic analyses under the FSB's Quality Assurance Program. The MDPD's FSB established this program in accordance with the standards set forth by the FSB's accrediting body, the American Society of Crime Laboratory Directors and Laboratory Accreditation Board.
